

COVER STRIP

Heraklith® offers a sophisticated total solution for the aesthetic finish of ceilings and walls. The Heraklith system consists of separate combi and solid wood wool panels, cover strips and the corresponding accessories. By gluing a closing strip on the end or on the long side of a combi panel, you ensure a beautifully finished wall or ceiling.

Cover strips can be supplied in colour and structure of the chosen combi wood wool panel. Ask us for the options. We are happy to advise you!

RECOMMENDED GLUE*

- ✓ High Tack gluekit for non fire resistant applications
- ✓ Silicate glue for fire resistant applications

* Glue is not supplied

See our processing instructions on www.heraklith.co.uk
